1. Introduction

At Reigate Grammar School Riyadh (RGSR) we aim to uphold high standards of professionalism in every area of school life. A key component of these high standards is reflected in the way we present ourselves.

A person's dress and appearance are matters of personal choice and self-expression. However, staff should consider the manner of dress and appearance appropriate to their professional role, which may be different to that adopted in their personal life. Staff should set an example to students at all times, and a smart general appearance should be maintained.

All staff are expected to dress in a way which reflects the expectations that our community places upon all professionals. Members of staff are required to be aware of their presentation and dress in a way which is respectful of local cultures and customs. Clothing should be professional and modest.

3. Additional Information

3.1 Jewellery

Jewellery, including ear and nose piercings, should be simple, discreet and appropriate. Large earrings which could pose a health and safety risk are not advised.

3.2 Tattoos

Modest tattoos can be visible, however should these be large in nature and/or possibly cause offence to others, the tattoo may need to be covered. This is at the discretion of the Head of School.

3.3 Educational Visits

On educational visits (field trips), staff dress should mirror the dress code for the children (i.e. depending on whether casual clothes or school dress is required, and the nature of the activities). Staff are reminded that they are acting as an ambassador for RGSR whilst outside of school on educational visits.

3.4 INSET Days

On INSET days, event days and community days staff may wear casual clothes as indicated by the Head of School.
